**Orange County Diesel** applies a unique marketing technique by offering an exclusive concept resulting in multi-industry unification while facilitating others to gain individual exposure and grow.

Accomplished here via an online amateur glamour contest, the marketing engagement is captured at [www.boostbunny.com](http://www.boostbunny.com). With the exponentially increasing numbers of members and guests, web page observation throughout each visit provides abundant opportunity to showcase advertisement, provide exposure to segmented interests, and reach the masses viewing your company's advertisement.

While voting for their choice contestant, online users who've created a login and password becoming a member have proven to return multiple times per week thus providing your advertisement with exponential exposure creating extraordinary value.

With a gentle compassion for young children of less fortunate predicaments life sometimes offers, **Orange County Diesel** donates to the Children's Cancer Research Fund. Derived from all online **Boost Bunny** 2009 apparel sales, a contribution gift of 10% is donated directly to their foundation.
